

May 2, 2008

To prospective customers:

Gomez Floor Covering Inc. installed our new carpet at the Schimelpfenig Library in Plano, Texas during a two-week period in April and May of 2008. I heartily recommend their services. Gomez has a well-trained and cooperative staff with years of experience in carpet installation. In addition to the expertise that they bring to the job, the human side of their business is also outstanding. The crew supervisor we dealt with, Betty Smith was congenial to work with and always made every effort to communicate the logistics and necessities of the job and to involve us in decision making. The crew put in extra time at the end of long days to meet our deadline, and everyone involved in the project was dedicated, professional, and courteous. The result was a carpet installation with an outstanding appearance, one that will serve us well for the next ten years or more.

Sincerely,

Glen Pourciau
