Mr. Jeff Gomez
Gomez Floor Covering, Inc.
1162 Security Dr.
Dallas, TX 75247

Dear Mr. Gomez,

The carpeting project at Richardson Public Library is complete and we are so pleased. It was particularly difficult working on multiple floors while we were open and with the amount of furniture, books and shelving that were involved.

Betty Smith was a delight to work with. She kept us informed and asked for our input when appropriate. Indeed, the entire crew was aware that we are a public building and that our customers are important to us. They worked with a quickly, quietly and with a minimum of disruption.

I had received recommendations from the Public Library Administrators of North Texas for work you had done in other libraries. As usual, you can count on PLANT to recommend the best.

Sincerely,

Jane Merz
Director of Library Services
Richardson Public Library
