Farmers Branch Manske Library

Subject: Carpet Installation Project

Date: May 14, 2005

The Gomez Floor Covering, Inc. provided exemplary service to the Farmers Branch Manske Library before and during the carpet installation project. The project included carpet installation as well as the moving and re-arrangement of shelf ranges and furniture.

The Project Manager, Bette Smith was knowledgeable with broad experience, very attentive to detail, and excellent to work with. The crew was efficient and satisfactory in every way. I am impressed with Gomez Floor Covering, Incorporation and their staff 's pride in their work and customer service. I wholeheartedly recommend your company and staff for any carpet installation project.
